OUR SOLUTION

SECURE TRANSACTION:

Payment is processed only after the client successfully accesses the parking space, and the owner receives the payment instantly, ensuring safety and trust for both parties.

ADMINISTRATION:

A multifunctional dashboard for administrators, including management of clients, parking space owners, payments, staff, data collection, and more.

SCALABILITY:

The system supports up to 100,000 parking spaces through advanced clustering algorithms, ensuring stable and efficient operation.

PARKING SPACE RENTAL:

Owners can rent out their parking spaces for short-term or long-term use, manage availability, and set prices through a user-friendly interface.

ADVANCED SEARCH:

Users can search for parking spaces based on various criteria such as size, coverage, availability of charging outlets, security, and other conditions, including receiving access instructions.

RATINGS AND REVIEWS:

Users can leave feedback and ratings for drivers, enhancing the quality of the service.
